

*The Procter & Gamble Manufacturing Company  
3875 Reservoir Road  
Lima, OH 45805*

*The P&G Lima Plant is excited to announce that we will be launching “The P&G Lima Plant Youth Apprenticeship Program” with Bath High School!*

Within this program, 8 Bath High School Seniors, selected by panelists from P&G and Bath HS Leadership, will spend 1 day per week at the P&G Lima Plant developing Leadership, Manufacturing, and Technical skills. This program will combine quality education with on the job training. It will provide students an opportunity to develop skills and knowledge of the Manufacturing Process while exploring their interest in a high technology workplace. In addition, those that choose to pursue a career with the P&G Lima Plant at the completion of this program, will have increased insight into the skills and qualifications necessary to successfully navigate our hiring process for full time employment.

The Youth Apprenticeship Program will begin September 2018, for the duration of the 2018 – 2019 school year, with the recruitment process for this program beginning this upcoming Spring 2018 with the following activities:

- A Paper Application - To Be Turned in to Your Guidance Office
  - Bath High School Senior Information & Signature
  - Parental Approval & Signature
  - Academic Information provided by Guidance Counselor
  - Questionnaire
- Info Session/P&G Lima Plant Tour for Interested Seniors & Parents
- Interview

\*Those that are chosen to participate will complete a Hair Drug Screen & Physical (with parental approval required)

For a senior to participate in the Youth Apprenticeship Program, he or she must:

- Be interviewed
- Maintain academic standing and acceptable attendance in school
- Observe rules and requirements established by P&G
- Master the skills/competencies in the youth apprenticeship curriculum

Please see your guidance counselor for more information.
